

## PID 150LR LABEL REWINDER

### Compact, adaptable and efficient

A high speed label counter and rewinder for accurately counting a reel of labels of various label types and stocks.

Compact and robust construction makes the PID 150LRR suitable for both workshop and office use.

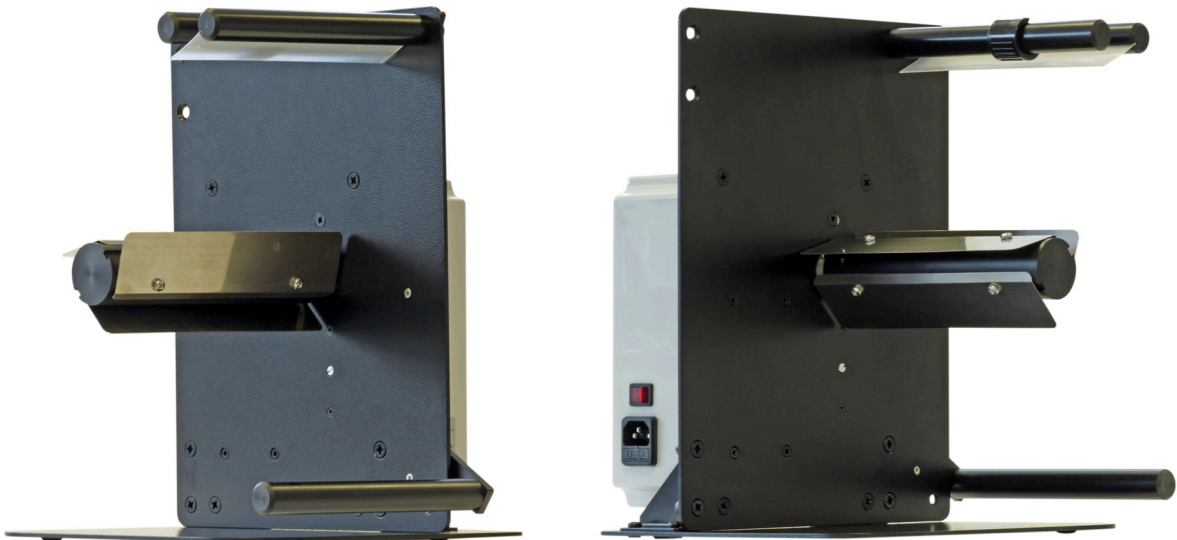

The universal rewind mandrel allows both 44 mm and 76 mm core label reels to be used as well as core less label reels. Label reels can be up to a maximum of 6 inches wide with a maximum diameter of 12 inches.

The variable speed control up to 33 m per minute and the direct drive motor with dynamic braking eliminates the need for a clutch and brake mechanism.

Optional features include a slitter for destroying labels after counting.

### Key Features

- Reel tension control and adjustment.
- Small and compact design.

### Technical Specification

#### Size and weight

Height: 340 mm (13.4 inches)  
Width: 270 mm (10.6 inches)  
Depth: 245 mm (9.6 inches)  
Weight: 6 kg (13.2 pounds)

### Label performance

Reel width: 155 mm (6 inch) max.  
Reel diameter: 305 mm max. (12 inch)  
Reel weight: 5 kg (11 pounds)

### Rewind performance

Rewind speed: 33 m per minute max.  
Options: Inside and outside winding

### Electrical and operating requirements

Power supply: 240 V AC at 50/60 Hz or  
110 V AC at 50/60 Hz
